Samvaad AI

Record natural two-person conversations in your assigned language

Two people, one talk

You and one partner talk naturally on a given topic.

Your assigned language

Speak only the language of your Samvaad AI project.

5–20 minutes

Each recording must be at least 5 and at most 20 minutes.

Topics: Daily life · Food · Education · Travel · Festivals · Work

2 Who can do Samvaad AI tasks?

A fluent speaker

You speak your project's language comfortably and naturally.

An approved contributor

Your Karmyug AI account is verified and approved for the project.

Someone with a partner

Bring a known eligible partner, or get matched with an online contributor.

A working phone

A smartphone or computer with a working mic and stable internet.

A quiet place

A quiet room where both voices come through clearly.

Rule follower

You agree to the consent, privacy and quality rules in this guide.

3 From login to a finished recording

1

Log in

Open work.karmyug.in and sign in.

2

Open your project

Find your Samvaad AI project in Jobs.

3

Connect a partner

“Find someone to talk to” or “Invite a friend instead”.

4

Read the TOPIC

Join the conversation, read the topic and ideas.

5

Talk & finish

Talk 5–20 minutes, then follow the portal to finish.

Different places are fine

Your partner can join from their own phone, anywhere.

Earphones help

They give the cleanest recording, but are not required.

Your target

60 minutes of valid recording, across several recordings.

4 Recording rules

✅ DO

- Speak only your assigned language
- Stay on the topic you were given
- Talk naturally, in your own words
- Share the talking about equally and take turns
- Record in a quiet room, phone held steady
- Make sure both partners have given consent

❌ DON'T

- Read a script, a book or a website
- Play recorded or AI-generated voices
- Copy anyone's voice or edit the audio
- Send the same recording again
- Let one person do most of the talking
- Fill silence with meaningless words

2 speakers **5–20 min** **Assigned language** **Assigned topic** **Quiet room**

5 Quality check — what makes work fail

You finish
The recording goes for review

→

Quality review
Our team checks it

→

Approved
Counts as valid recording

Why recordings get rejected

Wrong language or topic
Switching language or topic

Background noise
Fan, TV, traffic, echo

Unbalanced talk
One person talks most

Not natural
Scripted, edited or AI voice

Duplicate
Same recording sent twice

Rule breaks
Personal info, < 5 min, no consent

⚠️ **Only recordings that pass review count. A call that ends before 5:00 can't be kept — start a new one.**

6 Privacy & safety

कर्मयुग AI

No personal details

Never say real names, address, phone, email, Aadhaar, PAN, bank details or OTP.

Consent first

Both partners must agree before recording. No consent, no recording.

Respect always

No abuse, threats or insults. Use Leave, or Report, if a partner misbehaves.

Protect your account

Never share your password or OTP. Karmyug AI never asks you for money.

Good conversation habits

- ✓ Greet your partner and start naturally
- ✓ Keep a normal, clear speaking volume
- ✓ Use made-up or general examples
- ✓ Ask questions and let them answer
- ✓ No long silences — recording may stop
- ✓ Stay polite even if you disagree

7 Frequently asked questions

❓ Which language should we speak?

Only the language of your Samvaad AI project. Each language has its own project.

❓ Do we have to sit together?

No. Each partner can join from their own phone, in a different place.

❓ What if my partner leaves early?

A call under 5 minutes can't be kept. Go back to the lobby and start again.

❓ How long should we talk?

5 to 20 minutes per recording. Your target is 60 minutes of valid recording.

❓ How much is the payment?

Payment details are on your dashboard. Only approved work counts.

❓ No one is online — what now?

Wait a little, or use “Invite a friend instead” with someone you know.

8 How to get help

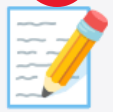

1

Open Support

Use Support in your work.karmyug.in dashboard.

2

Explain clearly

Write the project name and what happened.

3

Get a reply

Our team replies in your Support inbox.

💡 **Read this guide and the project rules first**

💡 **Add a screenshot if something looks wrong**

💡 **Never share your password or OTP with anyone**
